

**REMARKS**

Applicants wish to thank the Examiner for the allowance of Claims 1-22, as noted in the Notice of Allowance dated September 22, 2005.

Applicants have noted some clerical errors in the Specification, and accordingly are filing this Rule 312 Amendment to correct these clerical errors. More particularly, the specification is amended to remove "Docket 84916" from the paragraph beginning on page 7, line 17 and insert the US issued Patent No. 6,717,358 and to correct the spelling (in two occurrences), of the word "stoichiometric" in the paragraph beginning on page 15, line 5.

Formal drawings are also submitted herewith. Approval by the Examiner of these drawings is respectfully requested.

No new matter is added by the amendment to the Specification. Entry of this amendment will not require any searching or consideration of new issues, and will not require reopening prosecution. Thus, entry is respectfully requested.

Respectfully submitted,
